

Arne Vanheule

About me

My name is Arne Vanheule, I am a 21 year old computer science student at Ghent University.

I was born and raised in Ghent, Belgium.

I am currently in the last year of my bachelor degree and I will be doing my master in computer science during the academic years of 2022-2024.

I am very deadline oriented and I do perform well on both solo and team projects

Important info

Born on 03/03/2001

Driesdreef 34, 9030 Mariakerke

Education

2013-2019	General secondary education at Sint Bavohumaniora Ghent.
2019-Present	Bachelor in Computer Science at Ghent University (minor in electrical engineering)

Work experience

Summer of 2019 & 2021	Worked in the daycare at Ikea Ghent (Småland).
Summer of 2020	Worked in the self-service department of Ikea Ghent.

Languages

Dutch	Native language
English	Preferred second language
French	Basic knowledge
German	Basic knowledge

Skills

Working with both Linux- and Windows systems on a daily base. Comfortable in a variety of programming languages, such as:

Python and Python frameworks
Java
JavaScript, web development with the use of React/Vue
C and C++
Kotlin for android app development

My projects

Participated at the Solar Challenge of KULeuven at age 18. Programmed and made a full autonomous flower pot.

Made an application with some friends called OneRoof. The app provided a solution for roommates and their everyday problems.

Programmed an AI to predict flooded areas from drone pictures. It would also help emergency workers detect which areas were still accessible after a flood.
